3 To do

As a user, I want to manage my account details which include password and username, so that I am able to update my profile data.

Added by Chunhuil

As an admin, I want to be able to authenticate doctors' documentation, so that doctors are verified in the system.

Added by Chunhuil

As a user, I want to be able to set what kind of user I am (Patient, Doctor, Volunteer), while signing up so that I am assigned a specific role in the system.
